## 8. Important – USE OF YOUR INFORMATION

In order to process and assess your application, we will perform credit and identity checks on you, and any guarantor with one or more credit reference agencies (“CRAs”). We may also make periodic searches at CRAs to help us manage the account.

To do this, we will supply your personal information to CRAs and they will give us information about you. This will include information from your credit application and about your financial situation and financial history. CRAs will supply to us both public (including the electoral register) and shared credit, financial situation and financial history information and fraud prevention information.

We will use this information to:

- Assess your creditworthiness and whether you can afford to take the product;
- Verify the accuracy of the data you have provided to us;
- Prevent criminal activity, fraud and money laundering;
- Manage your account(s); and
- Trace and recover debts.

We will continue to exchange information about you with CRAs while you have a relationship with us. We will also inform the CRAs about your settled accounts. If you borrow and do not repay in full and on time, CRAs will record the outstanding debt. This information may be supplied to other organisations by CRAs.

The personal information we have collected from you will be shared with fraud prevention agencies who will use it to prevent fraud and money laundering and to verify your identity. If fraud is detected, you could be refused certain services, finance, or employment. Further details of how your information will be used by us and these fraud prevention agencies, and your data protection rights, can be found at [www.utbank.co.uk/privacy-notice](http://www.utbank.co.uk/privacy-notice).

### Guarantor

If you are a guarantor, the performance for the agreement to which you are a guarantor will not impact your credit profile unless a County Court Judgement is obtained against you, for non-payment/breach of contract.

When CRAs receive a search from us they will place a search footprint on your credit file that may be seen by other lenders.

### Joint Application

If you are making a joint application, or tell us that you have a spouse or financial associate, we will link your records together, so you should make sure you discuss this with them, share with them this information and make them aware of our Privacy Notice, before lodging the application. CRAs will also link your records together and these links will remain on your and their files until such time as you or your partner successfully files for a disassociation with the CRAs to break that link.

The identities of the CRAs, their role also as fraud prevention agencies, the data they hold, the ways in which they use and share personal information, data retention periods and your data protection rights with the CRAs are explained in more detail within the Credit Reference Agencies Information Document (CRAIN).
